

Sister churches within WDC

“The blessings of having a sister church are so many! I have learned so much from our sister church. We have shared a special bond of love for one another. Small groups visit each other’s congregations throughout the year and experience worshiping God together, serving God together and learning from each other. The best thing for me is meeting everyone and getting to know each other. Fellowshiping is the best part. Sharing how God is moving in our lives, in our churches and in our communities is always refreshing. Our culture differences has not been a barrier but has become a bridge to experience how perfect God is and how we are ONE in Christ.”

Testimony from Rosalinda Robles-Guzman, Luz del Evangelio
