

Camp Mennoscah 2025-2026 Annual Report Western District Conference

Camp Mennoscah's vision is to be a place where all people can come to grow in their relationships with God, nature, others, and their own selves. This camp community has been building for over 75 years and we look to welcome more people at this home on the Ninnescah River.

Board of Directors

Lindsey Young, president
Anna Voth, vice-president
Anna Entz, secretary
Rhonda Toews Moore, treasurer

Henry Jantzen
Peter Voth
Brad Born
Christian Loganbill

Over the years, Camp Mennoscah has brought much laughter and joy to campers and visitors, but this has also brought wear on the facilities. Infrastructure has been the focus for the past year as we have worked to finish replacing the heating, ventilation and air-conditioning system (HVAC) in the Retreat Center. This project had unexpected delays, but we have finished the work and are excited to have that space open again to groups! This building is essential to not only the guest groups, but also for our summer youth camps to provide a comfortable, inviting place for program and support/kitchen staff.

This year has been filled with amazing adventures, big and small. Summer youth camps filled the cabins with 378 youth during the 2025 summer. The Scrapbook and Craft Retreats, though small in number, are dedicated and mighty in the friendships that have built over the past 10+ years. The 2025 calendar year ended with a generously attended Verenike Casserole Meal at Faith Mennonite Church in Newton and we have been blessed that multiple area churches have participated in matching grants within their church to support Camp Mennoscah. All of these things would not be possible without the prayers, encouragement, volunteer efforts and financial support of the people and congregations of Western District Conference.

While we will continue to focus on infrastructure and hope to continue to update well-loved buildings as we are able, some other focuses we have as we look forward are growing the camp staff and working to engage constituents. You are heartily welcomed to join us in building a foundation in both faith formation and with camp facilities, whether that be through prayer, volunteering, spreading the word about camp or financial support. The purple poppy mallow, great blue heron, and tumbling water are waiting to be enjoyed.

Build Your House on the Rock,
Come Play in the Sand
